block of buildings will soon be standing on the site of the burned district.

The total loss will not fall short of \$24,000, in which there is an insurance of about \$10,500.

It is not known how the fire originated, but as it was first discovered about the centre of McDonald's shop, it is presumed it must have caught from the stove which stood there.

It is very evident, from what we have heard, that there was gross mismanagement on the part of some who had control of the Fire Department. First, it is stated by some that it was fully half an hour, and by others

three-quarters of an hour, after the alarm was given, that the Steam Fire Engine was on the ground, and when the engine did arrive it was some time after she was got to work, and that after steam was up, the Engine did not work by any means satisfactorily. It is further stated that the section hose was put into the river without any screen on, and the consequence was it was soon choked with gravel and mud, rendering it almost ineffective.

The reports connected with the management of the whole department at this fire are of such a character, that a most searching and thorough investigation should at once

like place, and the steam engine been on the ground at the time and worked as it should have done, it is the general opinion that the fire would have been confined to the wooden buildings destroyed. For the sake of property holders and Insurance Companies, and in justice to the Fire Department, an investigation should at once be instituted by the Fire Committee, so that the blame may rest on the proper shoulders.

### Board of Trade Convention.

The convention of delegates from the

boards of Trade, met at Ottawa on the 10th inst. The question of silver occupied the attention of the convention the first day, and after considerable discussion the following resolution was adopted:—

"That the Banks of Canada, with the sanction of the Government, buy up all the silver at a discount, say four or five per cent, and hold it as part of their specie reserve, and agree not to put it again in circulation. They can then take advantage of the time to sell and ship out of the country also part can be borrowed in New York, on which money can be borrowed if found necessary. This would give the Banks a circulation for their bills, of which they

On motion of Mr. Neilson, of Belleville, seconded by Mr. McGillivray, of Ottawa, the following committees were then struck:

1st. The duties on sugars, teas, groceries and hops.—Messrs. Foster, Cartwright, Patterson, Kelso, Stewart, McGillivray, Cockshott, Cameron, and Ross.

2d. On manufactured goods, grain, raw material and coals. Committee—Messrs. Hastings, Williams, Waterous, Workman, Mackenzie, Neilson, Sutherland and Ford.

3d. On export duties. Committee—Messrs. Mackenzie, Skene and Neilson.

On motion of Mr. Neilson, the following committees were then struck:

1st. On the duties on spirits.—Messrs. Foster, Cartwright, Patterson, Kelso, Stewart, McGillivray, Cockshott, Cameron, and Ross.

2d. On manufactured goods, grain, raw material and coals. Committee—Messrs. Hastings, Williams, Waterous, Workman, Mackenzie, Neilson, Sutherland and Ford.

3d. On export duties. Committee—Messrs. Mackenzie, Skene and Neilson.

On motion of Mr. Neilson, the following committees were then struck:

1st. On the duties on spirits.—Messrs. Foster, Cartwright, Patterson, Kelso, Stewart, McGillivray, Cockshott, Cameron, and Ross.

2d. On manufactured goods, grain, raw material and coals. Committee—Messrs. Hastings, Williams, Waterous, Workman, Mackenzie, Neilson, Sutherland and Ford.

3d. On export duties. Committee—Messrs. Mackenzie, Skene and Neilson.

5th. On banking and insolvency. Committee—Messrs. Carruthers, Forster, Workman, Stewart and Bate.

OTTAWA, April 18.

The Convention of Delegates from the Boards of Trade met at three o'clock. Reports from the various Committees were submitted as follows:

Mr. Forster, for the Banking Committee, approved the present system, and would explore any change taking from the banks the present privilege. They express satisfaction at the appointment of a Parliamentary committee on the subject.

As to insolvency, the committee expressed its opinion, in view of the appointment of a Parliamentary committee and the action of the Government in eliciting information on the question. They hope that inquiries will result in the adoption of a more satisfactory system.

On sugar, the committee recommended one cent specific, and 22 per cent. *ad valorem*. Molasses, 79 cents per hundred pounds on kinds. Teas, a uniform duty of 4 cents a cific, and 20 per cent. *ad valorem*. Coffee and chicory one cent specific, and 20 per cent. *ad valorem* on all classes. Fruits, a contin-

ance of present duty without addition of any specific duty. Tobacco, three cents on a pound to be duty, and three cents addition on a pound to be duty on manufactured tobacco. Liquors, according to strength, whether above or below proof, at actual quantity, whether in wood or bottles. A duty equal to that charged on foreign spirits if said liquor going into the United States. The present duty be materially reduced. Or, to discount, that a duty be charged on discount allowed for cash, and that goods brought in credit be allowed a discount, returning to net cash value. That the 13th clause be amended.

Mr. Rowland, from the Committee on Excise Laws, recommends a duty of 25 cents per barrel of 40 gallons on crude petroleum, 10 cents per barrel on refined oil, and similar customs duties on oils in addition to products. That an Inspector be appointed to inspect and brand all oils, and that no oil shall be offered for sale that will not stand a vapor test of 100°. Such oils to be classified as No. 2, oils standing test 110° and upwards as No. 1. The Committee say that the Inland Revenue Act is oppressive and unoperative, and recommend that the

Mr. McKenzie, from the Committee on the Territories, reported in favor of the following duties:—Shingle bolts, per cord, \$1; steel bolts, oak, white ash and rock elm, \$2; other kinds, \$1; bound hoop poles, averaging two inches diameter, per 1,000 poles, \$1; split hoop material, per 1,000, \$1; hoop poles, per 1,000, \$4; telegraph poles, 20 feet long and under, per 100 poles, \$2; fence poles, sawed, 10 feet long and under, averaging 8 inches diameter, per 100 posts or ties, \$1; saw logs (pine) per standard yard, 20 feet long and under, \$1.

hardwood, 30 cents; sheepskins, with a  
wool on, 50 per cent.  
The Joint committee on manufacturing  
factories, of grain, coal, and other raw  
materials, reported the following recommen-  
dations:—That all machinery manufactured  
from cast and wrought iron, brass, or any  
other metal, and also candle wick, rated at  
the free list, be chargeable with fifteen per  
cent duty. That leather and all other goods  
pay *ad valorem* be made to pay fifteen per  
cent. That all kinds of grain be admitted  
free. That raw material specially required  
for manufacturing purposes be admitted free.  
That great hardships would be inflicted

A good deal of discussion took place on the first item of the report referring to the duties on sugar, in which Messrs. Forester, McGillivray, Carruthers, Redford, Neilson, Cookshank, and Kelso spoke in favor of the change recommended in the tariff. Messrs. Perry, Howell, and Cameron opposed any change. The following motion in amendment was put and lost. Moved by Mr. G. Perry, seconded by Mr. D. Cameron, that it be resolved that the interests of the Dominion would be best served by a system of *ad valorem* duties on

Imports, and this especially in relation to sugars levied on the value at the place of production.

The several clauses of this report were then adopted, until that recommending a duty on leaf tobacco was reached.

On motion of Mr. Patterson, seconded by Mr. Bate, the clause recommending a duty of three cents per leaf was struck out of the report.

When the clause referring to hops was reached, Mr. Rochester, seconded by Mr. Hutton, moved in amendment to this clause that hops imported from the United States be admitted free as at present. The motion was

The remaining clauses of the report were then passed.

The report on manufactured goods, grain, raw materials, coals, was then taken up and passed without amendment.

The export duties were next considered. The item referring to round hoop poles was to be constant changed from four dollars to three dollars per thousand poles. Reference was made to the destruction of hemlock trees by the manufacture of extract from the bark, and the report was amended by imposing a rate of 20 per cent. *ad valorem* on the extract when exported.

The reports were then ordered to be embodied and printed, and be presented to the Finance Minister by such members as are here.
